

KUNAL PRAJAPATI

Pune, India +916263389977 Kunalprajapati2621@gmail.com LinkedIn GitHub

Objective Aspiring Full Stack Developer with hands-on experience in Java, Spring Boot, ~~React.js~~ and ~~Node.js~~ through internships and projects. Skilled in building scalable web applications, RESTful APIs, and responsive user interfaces. Passionate about clean code and continuous learning. **Technical Skills**

- Programming Languages:** Java, JavaScript
- Web Technologies and Frameworks:** Spring Boot, Spring, Node.js, ~~React.js~~, RESTful APIs, HTML, CSS
- Databases:** Oracle, MySQL, SQL, MongoDB
- Cloud Technologies:** AWS
- Technologies & Tools:** Microservices Architecture, Git, GitHub, Postman, Swagger
- DevOps & Containerization:** Microservices, CI/CD Pipelines, Docker
- Operating Systems:** Windows, Linux

Experience / Project

Full Stack Developer Aug 2024 – Feb 2026

NDRIO, Varanasi, India

- Led the design and development of NDRIO's public-facing platform and backend architecture.
- Delivered a strategic presentation showcasing key services including an Innovation Hub in collaboration with IIT professors & experts.
- Managed end-to-end technical implementation using technologies like **MERN Stack** and **WordPress** to support user registration, program ~~enrollment~~, and content management.
- Implemented secure RESTful APIs and ~~optimized~~ backend performance to ensure scalability and efficient data handling across modules.
- Integrated third-party services and APIs for seamless user authentication, email notifications, and analytics tracking.
- Collaborated with cross-functional teams, including designers and academic partners, to align technical development with ~~organizational~~ goals.
- Led version control and project management using Git and Agile methodologies to streamline development and delivery.
- Developed reusable components and modular architecture to accelerate future enhancements and reduce maintenance overhead.
- Ensured data privacy and security compliance through implementation of authentication, ~~authorization~~, and encryption mechanisms.

Web Developer Intern Jan 2024 - Aug 2024

Zido Development

- Role: Designed and implemented a full-stack resume builder enabling users to create, edit, and download professional resumes.
- Built the frontend using **HTML**, **CSS**, and **JavaScript**, ensuring a responsive and user-friendly interface.
- Developed backend services with **Node.js** handling API endpoints for user input and resume generation.
- Used **Postman** for API testing and monitored endpoints for performance and accuracy.
- Implemented the **MongoDB** database to store user profiles, resume templates, and session data efficiently.

Training

Java Full Stack Development

Covered Java, Spring Boot, ~~React.js~~ and Oracle with hands-on projects focused on full-stack web application development.

Sep 2024 - Mar 2025

Satiya Tech, Hyderabad, India

Education

- B. Tech in Computer Science with 8.4 CGPA at *IPS Academy, Indore, India*
- PG-DAC at Centre for Development of Advanced Computing, Bangalore
- XII with 74.8 % at Imperial Academy, ~~Bhubaneswar~~, India
- X with 86.4 % at Asha Niketan School, ~~Bhubaneswar~~, India

Jul 2020 - Jun 2024

Feb 2026 - Aug 2026

Jul 2019 - May 2020

Jul 2017 - May 2018

Certifications & Achievement

- HackerRank Certification - Java (Basic)
- HackerRank Certification - SQL (Basic)
- IBM Skills Build Certification in Project Management
- Awarded Silver Medal on CodeChef for solving 250+ coding problems in basic JAVA.
